

QBIX Global Venue Performance Report

Real data from installations worldwide

(Jan–Sep 2025)

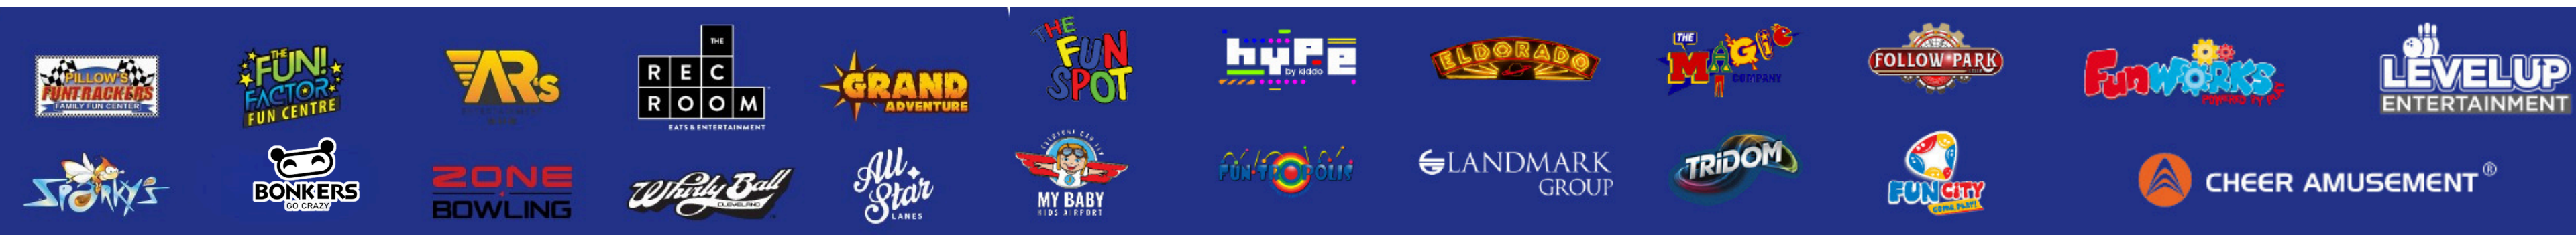

Performance Analysis

Present on Every Continent!

Across multiple continents, price points, and venue types, QBIX consistently delivers high monthly traffic, repeat engagement, and frictionless operation. From first-month installs to veteran locations or 18+ months in, **check out the QBIX Data!**

**Some revenue figures are approximate, as venues use various payment methods and currencies. For consistency, all values in this report have been converted to USD and a general \$ 5 USD price point has been used. The average price per play is between 4-7 USD*
